EPSRC/SFC Centre for Doctoral Training

THE MAXWELL INSTITUTE GRADUATE SCHOOL IN ANALYSIS AND ITS APPLICATIONS

Applications are invited for 12 fully funded PhD positions to start in Autumn 2016 on a wide range of research topics in areas of pure analysis, partial differential equations, dynamical systems, numerical analysis, probability and stochastics, applied mathematical modelling, multiscale modelling, and asymptotic analysis.

- 4 year PhD programme
- Teaching by staff from both Edinburgh and Heriot-Watt Universities
- PhD degree from both Edinburgh and Heriot-Watt Universities
- Both Pure and Applied Mathematics Courses and Projects
- Short courses, Conferences and Workshops at the International Centre for Mathematical Sciences, Edinburgh

APPLY!

Motivated students are strongly encouraged to apply via the following portal:
