Aims

This is an extended project, giving the opportunity to investigate a topic in some depth guided by our leading research academics, many with strong industrial connections.

Syllabus

Directed reading and other research:
Write a report on the topic of the project.

Teaching and Assessment

Contact Hours: variable
Assessment: 100% by class tests or other continuous assessment
0% by end of course 2-hour exam
Resit Type: none
By the end of the course, students should be able to:

- search independently for information in appropriate sources;
- understand what plagiarism is and how to reference material properly;
- piece together a coherent account of a topic from a variety of sources;
- write a properly structured report, including references.
